6:00PM EST

REGISTER HERE

Edward Salsberg, MPA
Panelist
Physician Workforce Authority
Primary Investigator of EM Workforce Study

Aisha T. Terry, MD, MPH, FACEP
Panelist
ACEP Board Member
ACEP President-Elect Candidate

There are 8-key considerations they national ACEP is committed to addressing that will be discussed during the Town Hall.

- Stem the growth of emergency medicine residents and residency programs.
- Raise the bar & ensure consistency across EM residency training.
- Ensure business interests are not superseding the needs of educating the workforce.
- Support practicing physicians to encourage rewarding practice in all communities.
- Advocate that NPs and PAs working in the unique environment of ED have sufficient specialty training and work as a member of the emergency physician-led team.
- Set the standards for EM so every patient has access to a board-certified EP.
- Broaden the umbrella to expand eEM physician scope of practice.
- Expand the reach of EM to ensure that no community is left behind.
