### **President's Message**

Dear Colleagues,

First and foremost, I would like to thank our Immediate Past-President, Dr. Natasha Powell for her leadership during this past year, which has been both personally and professionally difficult for emergency medicine physicians in DC and beyond.

In the midst of a pandemic, Dr. Powell was able to successfully implement a town hall series to guide physicians in DC on how to provide high quality care for patients affected by COVID-19. She was also able to work with the chapter to ensure that EM physicians have adequate personal protective equipment. Additionally, under her guidance, the chapter wrote and passed several timely resolutions regarding diversity and inclusion. We appreciate Dr. Powell's service and look forward to her continued active participation in our chapter.

During our last meeting, we held elections for the upcoming year. It is my pleasure to introduce the following new officers:

- Dr. Marisa Dowling as President-Elect
- Dr. Natalie Sullivan as Director
- Dr. Stanislaw Haciski as Secretary/Treasurer
- Drs. Anna Scanlin and Melissa Templeton Georgetown Resident Directors

- Drs. Ashleigh Omorogbe and Anahita Rahimi-Saber as George Washington University Resident Directors

Our new leadership team is looking forward to *ACEP21* in Boston and welcomes every member's involvement in the chapter. As a reminder, we are currently soliciting topics for council resolutions and appreciate your input.

I would also like to formally congratulate Dr. Aisha Terry on her successful campaign to become President-Elect of ACEP! As a former DC ACEP Chapter President, as well as a current member of the ACEP Board of Directors, we are lucky to have her expertise and guidance. Dr. Terry's accomplishments are truly impressive, and we cannot wait to see her future achievements.

In this upcoming year, we are looking forward to using the lessons learned during the pandemic to improve the care we provide to patients and continue to advocate for and build our specialty. I will focus on protecting our scope of practice, ensuring that our work environments are safe for all staff and patients, and continuing to reduce the administrative burden placed on EM physicians. Please stay tuned for an upcoming town hall discussion with our chapter and national leadership regarding the EM Workforce. Please join us for the DC ACEP EM Workforce Town Hall on **Tuesday, June 8th at 6:00PM EST**. Please see additional details below.

This year presents many opportunities for us to stay engaged and I am truly grateful for the opportunity to serve as your DC ACEP Chapter President. [Please feel free to reach out at any time.](#)

We are here to support you and your career!

---

### **Upcoming Chapter Events EM Workforce Town Hall**

As part of DC ACEP's commitment to provide support for the future of our specialty, we will host an EM Workforce Town Hall.

**Tuesday, June 8th  
6:00PM EST**

[Register Here](#)

[More details are available here.](#)

Are you concerned about the future of  
Emergency Medicine?

# EM WORKFORCE TOWN HALL

Hosted by DC ACEP Chapter

Tuesday, June 8th  
6:00PM EST

REGISTER HERE

Edward Salsberg, MPA  
Panelist  
Physician Workforce Authority  
Primary Investigator of EM Workforce Study

Aisha T. Terry, MD, MPH, FACEP  
Panelist  
ACEP Board Member  
ACEP President-Elect Candidate

**There are 8-key considerations they national ACEP is committed to addressing that will be discussed during the Town Hall.**

- Stem the growth of emergency medicine residents and residency programs.
- Raise the bar & ensure consistency across EM residency training.
- Ensure business interests are not superseding the needs of educating the workforce.
- Support practicing physicians to encourage rewarding practice in all communities.
- Advocate that NPs and PAs working in the unique environment of ED have sufficient specialty training and work as a member of the emergency physician-led team.
- Set the standards for EM so every patient has access to a board-certified EP.
- Broaden the umbrella to expand eEM physician scope of practice.
- Expand the reach of EM to ensure that no community is left behind.

### **New Chapter Leaders**

Do you know who are some of the newly elected chapter leaders?

**Anna Scanlin** is a current resident at the MedStar Georgetown/Washington Hospital Center (WHC) Emergency Medicine program. She completed her undergraduate studies at the University of Texas at Austin where she obtained a Bachelor of Science in Nutrition. She graduated medical school with a distinction in medical education from the University of Texas Health Science Center at San Antonio. She visited Washington, DC for an away rotation during her 4th year of medical school and knew this was where she wanted to be for residency. She has been a member of ACEP since medical school and is excited to be more involved with the DC Chapter.

---

**Melissa Templeton** is one of the Resident Directors from MedStar Georgetown/WHC. She is a rising 2nd year EM resident and practices primarily out of Washington Hospital Center, as well as Georgetown University Hospital. She grew up outside of Boston and stayed in New England for both her undergraduate and medical degrees, attending Northeastern University and Quinnipiac University, respectively. Melissa found herself moving to DC after a fantastic away rotation at Georgetown as a medical student and is enjoying exploring the District in her free time. She looks forward to becoming involved in the DC ACEP chapter this year.

Join us in congratulating Drs. Scanlin & Templeton on their new roles!

---

## Social Media

Did you know that there are many valuable benefits to social media for a non-profit organization such as the DC ACEP Chapter?

A list of a few of the benefits are the following:

- The ability to uncover industry trends in real-time.
- Provide better customer service.
- State the chapters position over legislative issues that affect emergency medicine across the state.
- Build a better search engine presence for the chapter.
- Appeal to younger, social-savvy potential members.
- Social media platforms allow organizations to tell their story.
- Messages can help engage supporters, increase awareness, and promote fundraising initiatives.

- Facilitates the sharing of ideas, thoughts, and information through the building of virtual networks and communities.

**Why is it important to know this?** The chapter is looking to fill a Social Media Ambassador position.

**What is the role, responsibilities, and terms of this position?** [Read details here.](#)

**Where will you get the content for the chapter Facebook and Twitter channels?** Adriana our Chapter Executive Director will be providing you with most of the content. However, it will also be your responsibility to watch for important content at the local level that should be shared immediately via social media - to get the word out. For example, you may hear about something at your local hospital that could potentially affect all emergency departments and emergency physicians in Maryland.

If you like social media and are interested in this position, [please reach out.](#) Additionally, if you have social media, please follow us on Facebook and Twitter and retweet or like our posts so that we can build a better search engine presence for the chapter.

We need your support of the chapter social media channels!

# Congratulations!

## 2021 National ACEP Pam Bensen Trailblazer Award Recipient

Join us in congratulating Dr. Rita A. Manfredi-Shutler for receiving one of the highest national ACEP awards that are given.

A well deserved award!

Dr. Manfredi will be recognized during *ACEP21* in Boston and more information about this award will be posted on national ACEP's website [here](#).

## Welcome New Members!

A special welcome to the new members of the District of Columbia Chapter and to those that renewed their membership with the chapter. We are excited to have you.

Akini Moses  
Andrew C Meltzer, MD, FACEP  
Angelica Marie Rego  
Bryan Steven Montes Calero  
Caleb E. Ward, MD, MPH, FAAP  
Damali N Nakitende, MD  
Eliese Burrows, MD  
Emily Etling  
Eric Murakami, MD  
Esha Uday Mehta  
Gregory O Mathelier  
Janice Carol Blanchard, MD, PhD

### **Pain and Addiction Care in the ED (PACED) Accreditation**

More than 83,000 people in the U.S. are thought to have died of drug overdoses in the 12-month period ending June, a record-breaking number according to the most recent data available from the CDC. Emergency Physicians can help by being part of the solution. ACEP's Pain and Addiction Care in the Emergency Department (PACED) accreditation program provides emergency departments with the tools to elevate the quality of patient care with innovative treatments, alternative modalities, and impactful risk reduction strategies, resulting in positive outcomes for patients, families, providers, and communities. Find out more today – [www.acep.org/PACED](http://www.acep.org/PACED) - and be a leader. Use your unique position to help fight this epidemic at the point of care.
